How Do We Know this Campaign Will Fix the Priest Pension and Senior Priest Medical Plans?

The Archdiocese undertook an actuarial study which resulted the following estimates:

A \$40 million increase in Priest Pension Plan assets will yield an adequate return to fund payments of pension benefits to 110 senior priests and administrative costs of the plan.

Assumptions of the priest pension plan include:

- ~ 110 priests are eligible to receive a pension after the age of 65.
- ~ The monthly pension benefit maintained \$1,943 (today's dollars).
- ~ 5.8 percent investment returns.
- ~ \$8.5 million currently in Priest Pension Plan investments increasing the plan's total to \$48.5 million.

A \$15 million increase in Senior Priest Medical Plan assets will yield an adequate return to fund payments of program costs for 110 senior priests. Assumptions of the medical plan include:

- ~ 110 priests are eligible after the age of 65.
- ~ Monthly medical plan costs per senior priest of \$800 (today's dollars).
- ~ 5.8 percent investment returns.
- ~ \$3.5 million currently in Senior Priest Medical Plan investments increasing the plan's total to \$18.5 million.

What are Vocations?

Every person has a vocation, or a fundamental way we are called to love by God. Our vocation brings us closer to God and each other.

In a Catholic context, there are primary vocations for how each of us are called to love: to grow as priests, prophets and kings/queens of Jesus through our Baptism.

*Within this universal call to holiness most Catholics are called to the vocation of **Marriage** (and some as parents). Some are called to the **Permanent Diaconate**. Still others are called to love through **Priesthood** or **Religious Life** (for women and men).*

A call to priesthood or religious life in the Church is much more than just an individual, personal desire to serve and lead. While the call comes from God, it is mediated through the People of God, the Church.
